Carters RAYNES PARK, LONDON, S.W.—1913.

AN INVITATION.

WE extend a cordial invitation to all who would wish to inspect our Model Establishment and the unique methods adopted in the Cleaning, Germinating, and Packeting of Carters Tested Seeds. We feel sure our Customers would be interested in the extreme care that is exercised in the execution of their orders, and also the ideal and healthy conditions under which our employees work. Our assistants on all occasions render courteous and intelligent service.

James Carter & Co

Explanatory Notes on the meaning of our well-known Trade Mark

CARTERS TESTED SEEDS.

THE Founder of our firm, James Carter, was, we believe, the first to guarantee the germination of his Garden Seeds, nearly 100 years ago. The practice, as shown in the following illustrations, is still followed, with the advantage of more scientific and up-to-date methods. The sign, Carters Tested Seeds, seen in the above photograph of our buildings is in a significant position, as it is placed immediately over our Laboratories at Raynes Park, wherein the scientific skill of our Botanists and Analyst, aided by the finest apparatus in the world (always open to inspection), should assure for this title the very best recommendation. We were awarded the Large Silver Medal for our own invented apparatus for Seed Testing

A No. 1 Germinator in Carters Laboratory.

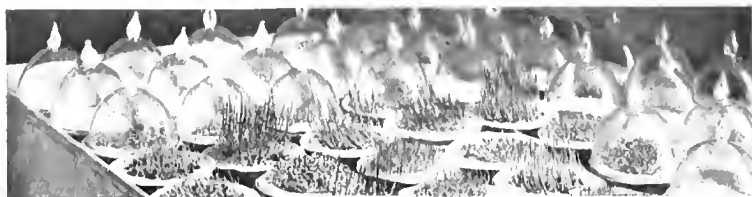

Note the pull-out trays containing many small white pads, altogether containing thousands of counted Vegetable and Flower Seeds in their first growth.

at the recent Royal International Horticultural Exhibition in London. All our seeds, after passing through our Laboratory Tests, are grown in our Grounds at the same time as our customers grow them, to full maturity, so that we may assure ourselves of the quality and trueness of each variety. By examining our trials from time to time we know exactly how the produce of our Seeds should appear in the gardens of our Customers all over the world, making allowances for the various climates, and by the aid of our comparative tests (we try all British and Continental Seeds of repute) we assure ourselves that our Customers are growing "the best and only the best" and "Tested."

Carters Address for all Correspondence, **RAYNES PARK, LONDON, S.W.—1913.**

A portion of 26,000 Labels in our Trial Grounds, recording Carters Tested Seeds to maturity.

A FIRST TEST. - Germinating on specially prepared paper in our Laboratory.

A SECOND TEST.—Garden Peas being germinated in mould, and placed for testing germination on filter.

Recording Vegetables growing to maturity at the same time as our customers grow them.

Carters Address for all Correspondence, *RAYNLS PARK, LONDON, S.W.—1913.*

THE LARGE GOLD MEDAL

SHREWSBURY, 1912.

Awarded to
The Hon. VICARY GIBBS
(Mr. E. Beckett, Gardener).

THIS FIRST AND CHAMPION PRIZE EXHIBIT OF VEGETABLES, Shrewsbury, 1912, was also grown from Carters Tested Seeds (see page 27).

Awarded the Large Silver Cup. One of Carters Exhibits, photographed in natural colours.

DWARF FRENCH BEANS.

NOVELTY.

Carters Magpie (The new Longstanding variety).—This remarkably fine Dwarf Bean, has attracted much favourable attention in our trials at Raynes Park for the past two seasons. In habit it somewhat resembles our celebrated *Perpetual*, but is a heavier cropper, the pods also being larger and longer, although of equal quality and flavour. It is also an excellent forcer.

2s. 6d. per $\frac{1}{2}$ -pint; 1s. per packet. Stock limited.

NOVELTY.

Carters Sunrise Dwarf French Bean.—For forcing or outdoors. A distinct and valuable first early raised at our Grounds from the result of a cross between *Ne Plus Ultra* and *Carters Perpetual*. Very compact growth, and remarkably early.

1s. per packet. Stock very limited.

Carters Perpetual Dwarf French Bean.—This remarkable Bean is strongly recommended as being in every way a great acquisition; the most important feature is the prolonged period this variety continues to bear.

2s. 6d. per pint; 1s. per packet.

Carters Stringless Dwarf French Bean, Holborn Wonder.—This fine variety will be found to be free from threads, is quite distinct and very prolific, and we confidently recommend it. 3s. 6d. per quart; 2s. per pint; 1s. per packet.

Carters Stringless Dwarf French Bean, Canadian Glory.—An *Extra Early* Dwarf Green-podded French Bean, possessing the invaluable quality of bearing pods absolutely without strings or threads.

3s. 6d. per quart; 2s. per pint; 1s. per packet.

Carters Canadian Wonder.—We were one of the first to make the merits of this fine dwarf Bean known, and its popularity to-day is probably unequalled. Our stock is the finest obtainable, and produces an abundance of very long fleshy pods, making it a great favourite both for table and exhibition.

43 First Prizes reported by Customers last year.

2s. per quart; 1s. 3d. per pint.

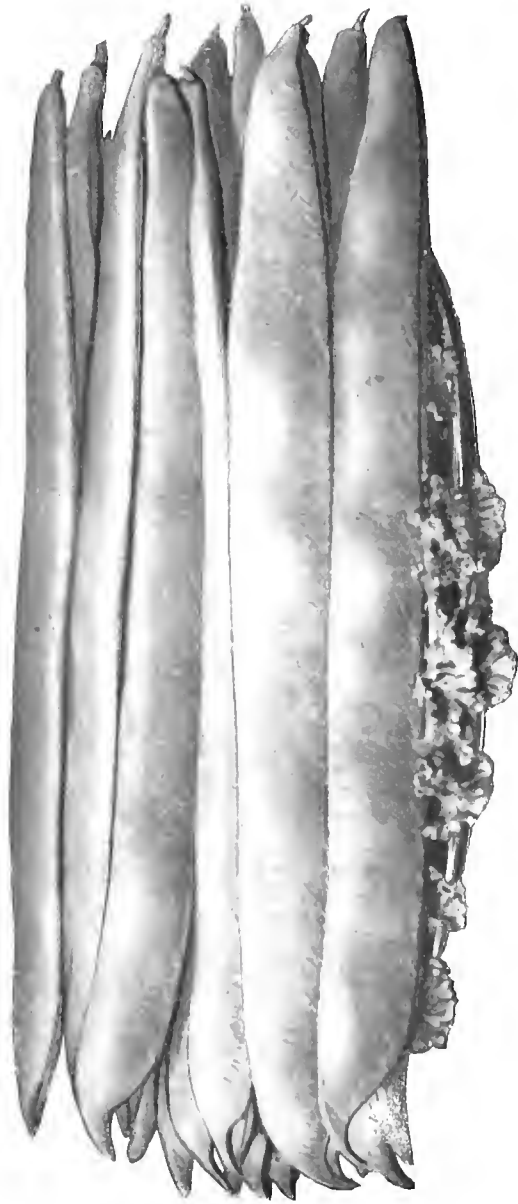

Carters Longsword, Re-selected Stock.—This variety has been improved and re-selected, and as now offered is one of the largest podded French Beans on the market; the pods, produced in great profusion, are of quite remarkable length and substance.

3s. per quart; 1s. 9d. per pint.

	Per quart—s.	d.

GREATIVELY REDUCED PHOTOGRAPH OF

CARTERS SCARLET EMPEROR RUNNER BEAN.

THE LONG SMOOTH-PODDED SCARLET RUNNER.

Price **4s. 6d.** per quart; **2s. 6d.** per pint; **1s.** per packet. (*See also next page.*)

RUNNER BEANS.

CARTERS SCARLET EMPEROR RUNNER BEAN.

See illustration opposite.

Not only is this Bean of the utmost importance as a prize winner, but its smooth and tender texture places it far above all other scarlet runners. Its large, handsome pods, often measuring 15½ inches, hang in great clusters, and it has been estimated that the produce from Carters *Scarlet Emperor* is twice as great in bulk as may be expected from the ordinary type of scarlet runner, and all of the most refined quality.

The Right Hon. The Earl of Jersey's Head Gardener writes:—"Your *Scarlet Emperor* Runner Beans have done splendid. I have never seen any to equal them in height or size of pods; the best I know."—MR. A. W. PERRY.

Price 4s. 6d. per quart; 2s. 6d. per pint; 1s. per packet.

Carters Red Giant Runner Bean. —The largest giant podded Runner Bean ever introduced. This grand variety is offered by us as being even longer podded than our <i>Scarlet Emperor</i> . We must, however, point out that it is not quite so smooth-skinned as our <i>Scarlet Emperor</i> ...	Per pint.	Per quart.
	s. d.	s. d.
1s. per packet;	3	0

The Right Hon. The Earl of Galloway's Head Gardener writes:—"Runner Bean, Carters *Red Giant*. This undoubtedly will prove to be an advance upon existing varieties. Sown in the open the produce was gathered the middle of August. Without special culture many of the pods were 10 inches in length, were straight and slender and rough to the touch, so characteristic of quality and fine appearance."—MR. J. DAY.

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

COMPARATIVE TESTS OF ROUND BEET IN OUR TRIAL GROUNDS.

Per oz.—s. d.

Carters Crimson Ball.—Round Beets are of the greatest value on account of earliness. The roots can be lifted during the height of the summer season when salads are in demand; and the fresh taste imparted by the highly-coloured slices are considered preferable to those from stored roots. Included in the Large Gold Medal Exhibit, Shrewsbury, 1912.

6d. & 1s. per packet; 1 6

Carters Perfection.—The best long Beet in cultivation; medium size, rich crimson lake colour, and splendid flavour; foliage shining and dark. This is a magnificent show variety. Awarded First Prize (open to the world), Shrewsbury, 1912, with Carters other vegetables.

6d. & 1s. per packet; 1 6

Carters Dainty Beet.—Small growing variety, having small slender roots

Carters Seedsmen to H.M. the King—High Holborn, London.

**Carters
Holborn
Exhibition
Brussels
Sprouts.**

(See Photograph.)

A very fine strain, the result of many years' careful selection. Its points for size, colour, and productiveness are good all round. Besides being largely grown in private gardens, it is a special favourite with many of our best known market growers. It is of medium height with large solid sprouts.

Awarded the Large Gold Medal, Shrewsbury, 1912, with Carters other Vegetables.

Price :

1s. and 6d. per packet ;

1s. 9d. per ounce.

**Carters
Perfection
Brussels
Sprouts.**

A standard variety for general use, producing large and firm sprouts in great abundance. As a late Sprout it is much appreciated. It is a taller growing variety than our Exhibition strain.

Price :

1s. and 6d. per packet ;

1s. 9d. per ounce.

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

CARTERS MAMMOTH BEEFHEART CABBAGE.

The finest Garden Cabbage grown. It is some years since we introduced this variety, but each season it becomes more popular, and we confidently recommend this highly selected strain as being not only the largest, but one with the least tendency to bolt. Sown in spring it gives splendid heavy heads during the summer and autumn, or when sown in August fine heads may be expected in the late spring. It is much more robust and hardy than many of the small varieties now recommended for early summer use. 162 First Prizes reported to us by our customers.

Price 6d. and 1s. per packet ; 1s. 6d. per ounce.

Carters Seedsmen to H.M. the King—High Holborn, London.

CABBAGE—Continued.

Per packet. Per oz.
s. d. s. d.

Carters Early Heartwell. —An early Marrow Cabbage of refined quality and delicate flavour ; without doubt one of the best varieties in cultivation. Sown in spring will be fit to cut in summer. Sown in August will be fit to cut in April and May. 42 First Prizes reported last season, and included in the Large Gold Medal Exhibit, Shrewsbury, 1912 ... 6d. &	1	0	1	6
Carters Early Garden. —A highly selected variety, with a sugar-loaf head. Preferred by some growers to the round-headed type 6d. &	0	6	1	0
Carters Springtide. —A dwarf variety, maturing very early in spring, when Cabbage forms such a valuable addition to the table. The hearts are of perfect form and flavour ... 6d. &	1	0	1	6
Carters Model. —As a succession to <i>Carters Heartwell</i> this is a useful variety. Its heads are firm and compact, and come close to the ground 6d. &	0	6	1	0
Carters Pioneer. —A valuable early Cabbage, rather larger than our <i>Springtide</i> , maturing a few weeks later and forming a valuable succession to that variety. An excellent type for main crop where medium size and first-class quality are desired 6d. &	1	0	1	6
Carters Miniature Drumhead. —A small, globular-shaped Garden Cabbage of delicate flavour and good colour. Although called <i>Drumhead</i> from its shape, it is quite distinct from the Field Cabbage 6d. &	1	0	1	6
Carters White Prizetaker. —A good variety with short leaves and white heart 6d. &	1	0	1	6

CARTERS SUMMER FAVOURITE.

Carters Summer Favourite (see Photograph).—

Awarded Royal Horticultural Society's Silver Medal, and included in the Large Gold Medal Exhibit, Shrewsbury, 1912. A splendid half-long, producing handsome, well-grown bright cochineal-scarlet Carrots very early in the season. The quality is superb, and as an exhibition variety coming into use early, it will be found invaluable for showing in the summer months. 192 First Prizes reported to us during the past few seasons 6d. &

Carters Golden Ball. —Specially adapted for forcing and frame work. The roots are almost as round as a turnip, flavour excellent and melting. Awarded First Prize as the best early Carrot, R.H.S. Great Autumn Exhibition, 1905 6d. &	1	0	1	3
Carters Early Scarlet Short Horn. —A highly selected stock, of bright scarlet colour; one of the most useful in the early section. Included in the Large Gold Medal Exhibit, Shrewsbury, 1912 6d. &	1	0	1	3
Carters Early Market. —Fine early variety, of good colour; valuable alike for market gardeners or private use 6d. &	1	0	1	3

THE NEW MELON.

NOVELTY. **Carters Delicatesse Green - fleshed Round.**—

This superb new Melon was sent out by us for trial during the season 1912 as *King George V.* It has, however, been re-named to prevent confusion with a variety having a similar title. From all quarters we have received most favourable reports, remarking on the excellent constitution of the plants and the delicious flavour of its freely produced and handsomely netted fruits. Visitors to our establishment have been delighted with this variety, which will also produce fruits of excellent quality when cultivated in frames

CARTERS HOLBORN MARROW.

Open to the World, THE FIRST AND CHAMPION PRIZE Exhibit of Vegetables, Shrewsbury, 1912. Grown from Carters Tested Seeds.

GREEN PEAS—JUNE TO NOVEMBER.

26

We have offered a selection of choice Garden Peas with so much success during the past few seasons that we again quote the group as improved and representing the best collection calculated to produce Peas for five months, if sown at varying periods during the spring and summer. It would be difficult to give precise dates for putting the seed into the ground, as so much depends upon soil and situation.

Successional sowings of these Peas should be made at any time between the dates named.

Name.	Description.	Height.	When to Sow.	Expect Ready to Pick.	Price, Carriage Free.
CARTERS EARLY MORN. The best Early Marrowfat Pea; it has large pods, and is as early as the small white round varieties; the demand increases each year; of splendid flavour.	First Early Marrowfat.	3 ft.	End of March.	During June.	Per packet. Per pint. Per quart 1s. 2s. 3s. 6d.
CARTERS INTERNATIONAL. A quite distinct second early; the pods are of a rich deep green, containing 11 peas of excellent size and flavour. Undoubtedly the largest curved podded Marrowfat Pea.	Second Early Marrowfat.	5 ft.	Middle of April.	Early in July.	1s. 2s. 3s. 6d.
CARTERS DAISY. The most popular second early Marrowfat Pea grown; the haulm is very robust and covered with large and well-filled pods of good flavour.	Early Maincrop Marrowfat.	15 in.	Middle of April.	Early in July.	1s. 2s. 3s. 6d.
CARTERS COMMONWEALTH. A splendid variety for either exhibition or table use; strong grower, with profusion of pods hanging in pairs; will stand drought better than most varieties.	Maincrop Marrowfat.	2 ft.	End of April.	July.	1s. 2s. 3s. 6d.

CARTERS QUITE CONTENT.

This magnificent variety is without doubt the most successful Pea on the exhibition table throughout the country, the pods measure from 7 to 7½ inches, and contain from 10 to 12 large peas of superb flavour.

(See also pages 34 and 35.)

CARTERS EXHIBITION.

A large and handsome - podded variety, bearing rich deep green pods filled with delicious peas of excellent flavour.

CARTERS DREADNOUGHT.

This is without doubt one of the largest blunt-podded Peas in cultivation, has large deep green well-filled pods, and its resistance to mildew and drought are its distinguishing characteristics.

CARTERS MICHAELMAS.

The latest Pea in cultivation; of very sturdy habit and a heavy cropper, producing profusion of pods in pairs of very rich deep green.

NOVELTY.

Carters Early Duke

(*Wrinkled Marrowfat*, 3 feet).—This unique variety, selected from a cross between *Blue Express* and *Duke of Albany*, is offered for the first time after several seasons' tests, both at Raynes Park, Mortlake, and the grounds of the leading growers throughout the country. For quality it is unequalled, the foliage and pods being of an exceptionally deep rich green; it forces well, being fit to pick about the same time as *Carters Early Morn*. This, we claim, is the most distinct and striking First Early Marrowfat introduced for many years

2s. 6d. per $\frac{1}{2}$ -pint; 1s. per packet —

Carters Eight Weeks (*Green Round*, 15 inches).

—The Earliest Dwarf Pea in the world. A very hardy Marrowfat. The pods are freely produced, and well filled with sweet-tasting peas; splendid forcer

1s. per packet; 2s. per pint; 3 6

Carters Mayflower (*Wrinkled Marrowfat*, 18 inches).

—A superb Dwarf first early Marrowfat Pea. A cross between *Daisy* and *William Hurst*, with long pointed pods twice the size of *William Hurst* ...

1s. per packet; 2s. per pint; 3 6

Carters Little Marvel Pea (*Wrinkled Marrowfat*, 18 inches).

—Bears a very heavy crop of blunt-ended dark pods, tightly filled with large Peas of excellent flavour

1s. per packet; 2s. per pint; 3 6

Carters Daylight (*Wrinkled Marrowfat*, 2 $\frac{1}{2}$ feet).

—A fine Marrowfat, as early as *Lightning*, with exhibition pods

1s. per packet; 2s. per pint; 3 6

Carters Lightning (*Round Seeded*, 2 $\frac{1}{2}$ feet).

—A re-selected stock of the earliest white round-seeded pea

1s. 9d. per pint; 3 0

Carters Diamond (*White Wrinkled*, 1 foot).

—An extra early *White Wrinkled Gem*, as early as *William Hurst*, with larger pods ...

1s. 9d. per pint; 3 6

Carters Superior (*Blue Round*, 4 feet).

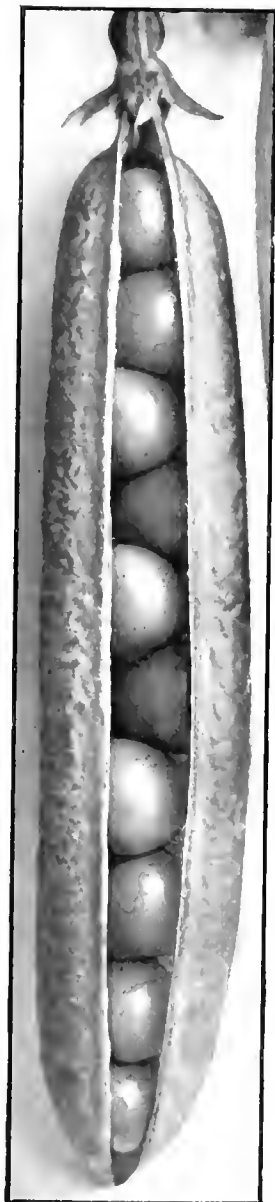

A highly-selected early blue-seeded Pea, with large pods. Closely follows *Blue Express* ...

1s. 6d. per pint; 2 6

Carters American Wonder.—Re-selected (*Wrinkled Marrowfat*, 18 inches).

—Our stock of this variety is highly selected ...

1s. 6d. per pint; 2 6

Lightning (<i>White Round, 2½ feet</i>).—Ordinary stock, first early white, introduced by our House many years ago ... 2 0		
May Queen (<i>Wrinkled, 3 feet</i>).—Early Marrow, long pointed pale pods 2 6		
William Hurst (<i>Wrinkled, 1 foot</i>).—A useful dwarf for early work ... 1 9		
William the First — Carters re-selected (<i>Round Seeded, 4 feet</i>).—Long handsome pods, quite hardy ... 2 0		
William the First—Ordinary (<i>Round seeded, 4 feet</i>).—Long curved dark pods 1 6		

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

SECOND EARLY GARDEN PEAS.

Per quart—s. d.

CARTERS DAISY (*Wrinkled, 15 inches*).—FIRST CLASS CERTIFICATE, ROYAL HORTICULTURAL SOCIETY.—This grand dwarf Marrowfat Pea has been before the public for some years, and stands at the head, as confirmed by the great independent trial of Peas conducted by the Royal Horticultural Society of England in 1902. Their experiment comprised over 80 varieties, and CARTERS DAISY gained the First Class Certificate given by the Society. Height, 15 inches
1s. per packet; 2s. per pint; 3 6

NOVELTY

Carters Dawn (*Wrinkled Marrowfat, 4½ feet*).

Awarded the Royal Horticultural Society's Certificate. —A very sturdy and hardy Second Early, introduced for the purpose of supplanting such old and worn-out types as *Champion of England* and *King of the Marrows*, &c., which are continually asked for because of their hardy nature. It is not a show variety, but for utility and heavy cropping it is a valuable addition; pods medium colour, about same size as *Ne Plus Ultra* ... 1s. per packet; 2s. per pint; 3 6

NOVELTY

Carters Market Gardener (Seedling 209) (*Second Early Wrinkled, 5 feet*), deep green pods, curved.—

An entirely new type of Pea for market work, or for gardens where quantities are required for large households. Although a large and deep green pod, it does not equal the size of our popular exhibition and table varieties, but it is remarkably prolific, yielding 25 per cent. more than the *Duke of Albany*, *Alderman*, or other popular Market Peas... 1s. per packet; 2s. per pint; 3 6

NEW

Carters International (*Wrinkled Marrowfat, 5 to 6 feet*).

AWARD OF MERIT, R.H.S.—This magnificent Pea is the result of a cross between our well-known *Early Morn* and *Duke of Albany*. It is quite distinct both in shape of pod and habit; the pods are of a rich deep green, containing 11 Peas of excellent size and flavour; this is undoubtedly the largest curved podded Marrowfat Pea at present offered to the public

1s. per packet; 2s. per pint; 3 6

Carters Little Wonder (<i>Wrinkled, 2 feet</i>).—Good cropper and fine flavour	2 0
Charles I. (<i>Wrinkled, 3 feet</i>).—Very prolific, long curved pods, good flavour	2 6
Duke of York (<i>Wrinkled, 4 feet</i>).—Good useful variety, few days earlier than <i>Duke of Albany</i>	2 6
Favourite Marrowfat (<i>Wrinkled, 2 feet</i>).—Improved type of <i>Yorkshire Hero</i>	2 0
Herald (<i>Wrinkled, 18 inches</i>).—Long curved pods	2 6
Sunrise (<i>Round White, 2 feet</i>).—Hardy and prolific	1 9
Dickson's Favourite (<i>Round White, 5 feet</i>).—Long thin curved pods	1 6
Essex Star (<i>Wrinkled, 5 feet</i>).—Large pods, and a strong grower	2 6
Fillbasket (<i>Round, 3 feet</i>).—A well-known productive Pea	1 9
Harrison's Glory (<i>Second Blue, 3 feet</i>).—Hardy and strong growing	1 6
Heroine (<i>Wrinkled, 2½ feet</i>).—Very rich green pods	2 6
Prince of Wales (<i>Wrinkled, 3 feet</i>).—Good cropper, suits most soils	1 9
Senator (<i>Wrinkled, 3 to 4 feet</i>).—Prolific, rather pale pods, hardy	2 6

Carters Seedsman to H.M. the King—High Holborn, London.

MAINCROP GARDEN PEAS.

Per quart—s. d.

Carters Quite Content.—For description and prices see pages 34 and 35.

Carters Commonwealth.—See page 28.

Carters G. F. Wilson (*Wrinkled Marrowfat*, 3 feet).—An old and popular late Marrow, with a robust and healthy growth, standing all sorts of weather changes better than some others ... 1s. 6d. per pint; 2 6

Carters Re-selected Duke of Albany (*Wrinkled Marrowfat*, 5 feet).—A great advance on the original stock, the pods being straighter and longer, and should be grown by all who know the original variety
1s. 9d. per pint; 3 0

NEW.

Carters Harvestman (*Wrinkled Marrowfat*, 5 feet). Award of Merit, R.H.S.—This grand Pea, which is a cross between *Express* and *Duke of Albany*, possesses all the qualities of *Duke of Albany*, but the pod is distinct in shape, more regular in growth, not quite so tall, and altogether superior
1s. per packet; 2s. per pint; 3 6

Carters Exhibition.—See page 29.

Carters Model Telephone (*Wrinkled Marrowfat*, 5 feet).—A re-selection for robustness and delicacy of flavour from *Telephone*, a maincrop wrinkled Marrow, which bears to-day a world-wide reputation. It is remarkably prolific, bearing large pods of very attractive appearance; for soils of a light nature we strongly recommend this variety. Peas wrinkled, 9 to 11 in a pod, delicious when cooked
1s. per packet; 2s. per pint; 3 6

Carters Wonder of the World (*Wrinkled Marrowfat*, 3 feet).—A good useful Pea, always gives satisfaction ... 2 6

Alderman (*Wrinkled Marrowfat*, 5 feet).—Very fine Pea of splendid quality; large deep green pods ... 2 9

Centenary (*Wrinkled Marrowfat*, 5 feet).—A large-podded Marrowfat ... 3 6

Doctor McLean (*Wrinkled Marrowfat*, 3 feet), Re-selected.—A fine Marrow Pea ... 2 6

Doctor McLean (*Wrinkled*, 4 feet).—Original stock ... 1 6

Duke of Albany (*Wrinkled Marrowfat*, 5 feet).—Original stock ... 2 3

Dwarf Defiance (*Wrinkled Marrowfat*, 2½ feet).—Closely resembles *Stratagem* ... 2 6

Hundredfold (*Round Green*, 5 feet).—Hardy, deep green pods ... 1 6

Peerless (*Wrinkled Marrowfat*, 3 feet).—Large long pointed pods, deep colour ... 2 6

Perfection Marrow (*Wrinkled Marrowfat*, 3½ feet).—A taller and more branching type of *Stratagem* ... 2 6

Satisfaction (*Wrinkled Marrowfat*, 3 feet).—A long-podded type of *Veitch's Perfection* ... 2 0

Telegraph (*Round Seeded*, 5 feet).—Original stock. A fine strong-growing variety, quite hardy, well known for market work ... 1 9

Telephone (*Wrinkled*, 5 feet).—Large pods, prolific; suitable for light soils ... 2 0

Veitch's Perfection (*Wrinkled*, 3 feet).—A fine stock of this well-known Pea ... 2 0

Yorkshire Hero (*Wrinkled*, 3 feet).—Small pods but prolific bearer ... 2 0

Triumph (*Wrinkled*, 2 to 2½ feet).—Pods of medium size ... 2 0

 QUITE CONTENT
 MARROWFAT PEA

Carters
 "QUITE CONTENT"
 MARROWFAT PEA

1ST CLASS CERTIFICATE
 R.H.S. 1906

The Largest and Finest Maincrop Marrowfat Pea in
 Cultivation. (See next page.)

CARTERS
"QUITE CONTENT" MARROWFAT PEA.
A GIANT PODDED MAINCROP.

Pods longer and larger than any other Pea in cultivation.

THE HIGHEST HONOURS AWARDED THIS PEA.

THE FIRST CLASS CERTIFICATE OF THE ROYAL
 HORTICULTURAL SOCIETY.

SHREWSBURY, 1912.

THE FIRST PRIZE AND CHAMPIONSHIP
 (Competition Open to the World).

THE LARGE GOLD MEDAL to a separate Exhibit,
 in conjunction with Carters other Vegetables.

During the past few seasons this grand Pea has been included in numerous Gold Medal Exhibits, and a total of 385 First Prizes at all the important shows throughout the country has been awarded.

Carters Quite Content (*Maincrop Marrowfat. Height, 5 to 6 feet*).—This grand Pea, which has caused such a stir in the Horticultural world, is the outcome of a cross between *Alderman* and *Edwin Beckett*. In general character it resembles the former, but the pods are considerably larger than either parent. In our own trials it has amply demonstrated its wonderful superiority, and when exhibited in the open class at Shrewsbury, it easily secured the First Prize, and was pronounced by leading experts to be without doubt the finest Pea ever seen. It is exceedingly prolific (*see Photograph opposite*), and the pods hang mostly in pairs.

Price, 5s. 6d. per quart; 3s. per pint; 1s. 9d. per half-pint; 1s. per packet.

We would respectfully draw our customers' attention to the following:—"The true and original Pea *Quite Content*, as sent out by Messrs. James Carter & Co., is a maincrop variety, height 6 feet, foliage and pod deep green, pod 7 inches to 7½ inches long, hanging mostly in pairs, and is quite distinct from all other Peas. We are requested to make this statement, as we are given to understand that a Pea which has not all the claims of *Carters Quite Content* has been widely distributed this season by others, either by accident or design, thereby causing much correspondence and annoyance to the growers and Messrs. Carter alike. Messrs. *Carters Quite Content* was distributed this season in their sealed packets, and has each year been carefully re-selected."—*The Garden*.

His Grace The Duke of Buccleuch's Head Gardener says:—" *Quite Content* is all you claim for it, and was the most popular Exhibition Pea this last season."—Mr. WHYTOCK, The Gardens, Dalkeith Palace.

The Right Hon. The Earl of Onslow's Head Gardener says:—"The Pea *Quite Content* is excellent in every way."—Mr. H. W. BLAKE, The Gardens, Clandon Park, Guildford.

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

LATER MAINCROP GARDEN PEAS.

Per quart—s. d.

Carters Anticipation (<i>Wrinkled Marrowfat</i> , 3 feet).— <i>Anticipation</i> grows to a height of about 2½ feet, and sown at the usual season it comes into bearing early in July. The foliage is of a medium shade of colour, the habit robust, with immense straight pods containing Peas of an exquisite flavour when cooked. A grand dry-weather Pea and resister of mildew									
1s. per packet; 2s. per pint; 3 6									
Carters Danby Stratagem .—(Re-selected Stock) (<i>Wrinkled Marrowfat</i> , 2½ feet).—Award of Merit, Royal Horticultural Society.—A distinct improvement on the original <i>Stratagem</i> , having longer, straighter, and broader pods, very freely produced. Immense pods, many 6 inches in length, and frequently containing ten large full-flavoured Marrow Peas 1s. per packet; 2s. per pint; 3 6									
Carters Dreadnought .—See page 29.									
Carters Improved Omega (<i>Wrinkled Marrowfat</i> , 2½ feet).—A highly selected long-podded type of this popular Pea 1s. 9d. per pint; 3 0									
Captain Cuttle (<i>Wrinkled Marrowfat</i> , 3½ feet).—A very useful late maincrop, very prolific 1s. 9d. per pint; 3 0

Green Peas, June to November, see pages 28 and 29.

Carters Seedsmen to H.M. the King—High Holborn, London.

LATE GARDEN PEAS.

		Per quart—s	d.
CARTERS MICHAELMAS (<i>Wrinkled Marrowfat</i> , 2½ feet).—This grand Pea quite oversteps the boundary hitherto set by the times and seasons, and is absolutely distinct. Late varieties of Peas of past fame have been late mainly by reason of their strawy character. The constitution of Carters <i>Michaelmas</i> Pea is not run through in Straw, but we have fixed a dwarf bushy growth of 2½ feet, which holds back its natural force and throws it into the pods; consequently, while being very prolific, its colour in pod is of the deepest green, and its pods are large and well-filled. We have proved this Pea to possess a reserve of strength which will enable it to resist the drought and the mildew to a degree hitherto unknown in a Pea ...	1s. per packet; 2s. per pint	3	6
NEW. Carters Latest Giant (<i>Wrinkled Marrowfat</i> , 4 feet).—This splendid late Marrowfat Pea is the outcome of a cross between <i>Gladstone</i> and <i>Exhibition</i> in 1903, and has been exhibited in our Trial Grounds and at various Royal Horticultural Society Shows under Seedling No. 241. It is an all-round grand selection, possessing the free podding and strong habit of <i>Gladstone</i> , but bearing handsome well-filled pods very much larger than that excellent variety. The pods invariably contain eleven large deep-coloured Peas. It is fit for exhibition and unequalled for market. It is well described by the name <i>Latest Giant</i> ...	1s. per packet; 2s. per pint	3	6
The Gladstone—Carters re-selected stock (<i>Wrinkled Marrowfat</i> , 4 feet).—A fine late variety, bearing long sickle-shaped pods, dark in colour, very prolific. Fine for exhibition.	1s. per packet; 2s. per pint	3	6
Ne Plus Ultra—Carters re-selected (<i>Wrinkled Marrowfat</i> , 6 feet).—This is a highly selected stock, it is exceedingly prolific, bearing blunted-ended pods with Peas of very fine flavour. A splendid Pea for late crops ...	1s. 6d. per pint	2	6
Autocrat (<i>Wrinkled Marrowfat</i> , 4 feet).—Excellent cropper, deep green pods...	1s. 6d. per pint	2	6
British Queen (<i>Wrinkled</i> , 6 feet).—One of the latest varieties; resists mildew; pale pods...	1s. 6d. &	2	6
Emperor of the Marrows (<i>Wrinkled</i> , 6 feet).—An old variety of good flavour ...	1s. 6d. &	1	9
Latest of All (<i>Wrinkled</i> , 3 feet).—A very prolific pea, a later type of <i>Autocrat</i> . Pods like <i>Ne Plus Ultra</i> ...	1s. 6d. &	2	0
Ne Plus Ultra—Original Stock (<i>Wrinkled</i> , 6 feet).—A fine late pea. Fine flavour ...	1s. 6d. &	2	0

COLLECTIONS OF PEAS.

NEW AND DISTINCT RADISHES.

Valuable for Forcing and Extra Early Outdoor Work.

CARTERS DELICATESSE.

Carters Extra Early Round White Tipped.—An exceedingly attractive and quick-growing variety. Crimson scarlet with white base.

3d. & 6d. pkt. ; 8d. oz. ; 3s. 6d. pint.

NOVELTY **Carters Lightning White Round.**—A small white marble Radish of lightning growth ; the **quickest Radish** ever introduced. Sown in frames or on a warm border it is fit for the table in 14 days.

3d. & 6d. pkt. ; 8d. oz. ; 3s. 6d. pint.

Carters Extra Early Scarlet Radish.—The most rapid growing and perfect-shaped scarlet Turnip Radish. Small topped and perfect quality.

3d. & 6d. pkt. ; 8d. oz. ; 3s. 6d. pint.

NOVELTY **Carters 16 Days.**—For quality and forcing it has no equal, being fit to pull in 16 days from date of sowing. Small and oval in shape, crimson colour, ivory white tip.

3d. & 6d. pkt. ; 8d. oz. ; 3s. 6d. pint.

Carters Icicle.—The earliest long white Radish, of extraordinary crispness and tenderness. We offer this as a companion to our *Long Forcing Scarlet* Radish.

3d. & 6d. pkt. ; 8d. oz. ; 3s. 6d. pint.

Carters Crimson Marble.—A quick-growing globe-shaped Radish of good colour and flavour. **Will not force**

3d. & 6d. pkt. ; 8d. oz. ; 3s. 6d. pint.

Per pint—s. d.

Carters Delicatsse (*see Photograph*).—An attractive breakfast dish.

Its peculiar shape, crisp flesh, and nutty flavour give this fine selection a distinct advantage. Suitable for forcing. 3d. & 6d. pkt. ; 8d. oz. ; 3 6

Carters Extra Early White Olive.—This Radish has been specially selected for its crisp texture and fine flavour. It produces very little top, and matures with remarkable rapidity. 3d. & 6d. pkt. ; 8d. oz. ; 3 6

Carters Crimson Forcing Olive.—Splendid rich colour, very quick growing, small top ; flavour sweet and delicate. 3d. & 6d. pkt. ; 8d. oz. ; 3 6

Carters Mixed Extra Early Olive.—This special mixture of all the quickest growing Olive Radishes makes a most attractive dish and is becoming much in demand. When pulled the different colours make quite a charming effect for the table ... 3d. & 6d. pkt. ; 8d. oz. ; 3 6

Carters Triumph.—A new turnip-shaped Radish, mottled and striped 3d. & 6d. pkt. ; 1s. oz. ; —

Carters Long Forcing Scarlet.—A great advance on the old varieties ; the very best long scarlet Radish for early work. 3d. & 6d. pkt. ; 8d. oz. ; 3 6

Carters Collection of the Best Eight Radishes.

Two ozs. each eight Radishes	8s. od.	One pkt. each eight Radishes	3s. 3d.
One oz. each eight Radishes	4s. 6d.	Smaller pkt. each eight Radishes	1s. 9d.

CARTERS "SUNRISE" TOMATO.

For INDOORS.

FIRST CLASS CERTIFICATE, R. H. S.—INDOOR CULTIVATION.

During 1905 an extensive trial of Tomatoes was made by the Royal Horticultural Society, 71 varieties being sent in. In this trial only one stood out as being of exceptional value, viz., "Sunrise."

FIRST CLASS CERTIFICATE, R. H. S.—OUTDOOR VARIETY.

"F.C.C. confirmed as Outdoor variety, after growth at Wisley."

It is some time since such a high honour has been granted to a Tomato.

The chief points in *Sunrise* are—
Its Earliness.—It ripens several days earlier than most varieties.
Its Prolific Character.—See Photographs.
Its Cropping Properties.—See Photographs.
Its Healthy and Robust Constitution.—
 No trace of Disease.

Its Solid but Delicate Flesh.—Contains very few seeds and practically no eye.
Its Evenness of Size as a Dessert Fruit.
Its Bright Scarlet Colour and rich Acid Flavour.
Its equal value for Indoor or Outdoor cultivation.

Carters "Sunrise."—The finest Tomato for Indoor and Outdoor culture.

Price 2s. 6d. and 3s. 6d. per packet.

CARTERS DUKE OF YORK TOMATO.

Awarded the First Class Certificate of the Royal Horticultural Society and Four Silver Medals, and included in the First Prize Exhibit of Vegetables (open to the world), Shrewsbury, 1912, and also in the Large Gold Medal Collection at the same Exhibition.

293 FIRST PRIZES REPORTED TO US BY CUSTOMERS.

CARTERS DUKE OF YORK.—This grand variety still holds a very high position in public favour. Colour, rich scarlet; splendid cropper, almost globular in shape; flesh very firm, fine flavour. A leading feature of this superb variety is that it ripens its fruit with the most pronounced uniformity, whilst the profusion of clusters, averaging six and ten evenly formed fruit each, makes it conspicuously handsome. These clusters contain variously sized fruits, large and medium, both for the table and exhibition. It can be grown in the open, but does not ripen so quickly as our *Outdoor* variety. Invaluable as an exhibition variety as for private growers and market purposes

Per packet—s. d.

2s. 6d. & 3 6

Carters Outdoor.—This variety readily fruits under the warmth of a south wall, or along the front of a greenhouse, in any situation where the full influence of the sun is felt and away from cold winds. In shape the fruit is not so round as our *Duke of York* or *Sunrise* ... Is., 1s. 6d., & 2 6

Carters Perfection.—Quite distinct from any other variety named *Perfection*. It is very handsome in form, distinct in colour, exceedingly prolific, and of exquisite flavour. 115 FIRST PRIZES REPORTED.

Is., 1s. 6d., & 2 6

Carters Blenheim Orange.—We raised and introduced this extraordinary Tomato, a curious cross between the red and yellow. Gathered when quite ripe they are luscious and juicy ... Is., 1s. 6d., & 2 6

NEW

Coreless.—We were much impressed by this main crop tomato in our trials. It is quite a good bright red variety, almost round, solid and free from green core ... Is. 6d. & 2 6

Carters Plum.—Plum shaped, prolific habit and good flavour ... Is. & 1 6

Carters Dedham Favourite.—Well-known and deservedly popular, 6d., 1s., & 1 6

Carters Greengage.—Introduced by us, and the first of the golden section of any value ... 6d., 1s., & 1 6

Carters Market Favourite ... 6d., 1s., & 1 6

Carters Sandwich Island ... 6d. & 1 0

The following can also be supplied, price 6d. and 1s. per packet—

CHALLENGER.	HAREFIELD GOLDEN GEM.	RED CHERRY.
CHEMIN ROUGE.	HATHAWAY'S EXCELSIOR.	RED CURRANT.
COMET.	LARGE RED.	STIRLING CASTLE.
HACKWOOD PARK.	LARGE YELLOW.	TROPHY.
HAM GREEN FAVOURITE.	PEACH.	YELLOW CHERRY.

TURNIPS FOR THE GARDEN.

CARTERS JERSEY LILY TURNIP.

	Per packet.	Per oz.	Per pint.
	s. d.	s. d.	s. d.
Carters Jersey Lily (<i>see Photograph</i>).—Most perfect in outline. In shape as round as an orange, of exquisite flavour, with single taproot. Much admired in the Large Gold Medal Exhibit, Shrewsbury, 1912 ... 3d. &	0 6	0 8	3 6
Carters White Milan .—An exceptionally fine stock; recommended for early work. It is as quick as a Radish, and clean in growth... .. 3d. &	0 3	0 6	2 6
Carters Little Marvel .—A cross between <i>Early White Milan</i> and <i>Jersey Lily</i> , which is the best type of White Round. It is very distinct in both habit and foliage, and is a splendid table Turnip. This remarkable cross-bred Turnip closely follows the <i>Milan</i> , and is considerably forwarder than <i>Jersey Lily</i> . It must become popular with gardeners for early work, as it is as good as it looks. Included in the Large Gold Medal Collection of Vegetables at Shrewsbury, 1912 ... 3d. &	0 6	0 8	3 6
Carters Early Long Forcing .—A new and distinct long Turnip for frame or outdoor work.			
AWARD OF MERIT, R.H.S., FOR ROOTS SOWN IN COLD FRAME MARCH 6TH AND EXHIBITED MAY 8TH ... 3d. &	0 6	0 8	3 6

Carters Seedsmen to H.M. the King—High Holborn, London.

CARTERS GRASS SEEDS.

CARTERS TESTED GRASS SEEDS FOR THE LAWNS.—Over 10 acres sown May, 1912, in the Gardens of our esteemed Customer, Dr. Sauer. Photographed September, 1912.

Carters Grass Seeds are used on the estates of
HIS MAJESTY THE KING at WINDSOR and SANDRINGHAM.

Lords, The Oval, All England Tennis Grounds, Ascot and Newmarket Race Courses, and all the leading Golf Clubs at Home and Abroad.

Grass Seeds prescribed for all Soils and Purposes.

For Lawns.

Cricket Grounds.
Croquet Lawns.
Shaded Lawns.
Town Lawns.

For Tennis Courts.

Bowling Greens.
Football Fields.
Polo Grounds.
Racecourses.

For Putting Greens.

Golf Courses.
Archery Grounds.
Cricket Pitches.
Recreation Grounds.

CARTERS FINEST GRASS SEEDS.

As supplied to His Majesty's Golf Grounds, Lawns, and other parts of the Royal Estates. A mixture of the very fine bladed species, which, if sown according to our recommendations, should produce a close thick turf on all good soils, and is especially suitable for all games in which the ball is required to run true.

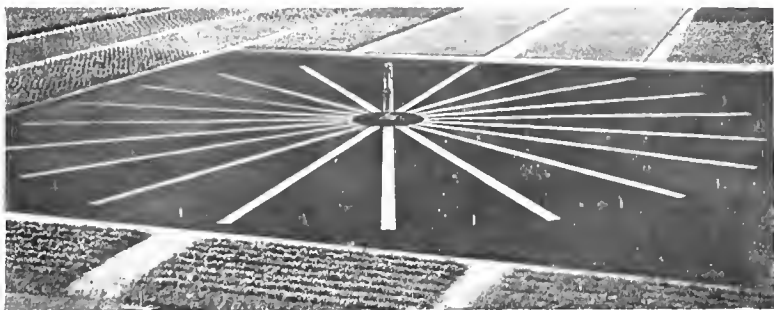

Price 35s. per bushel of 25 lbs. ; 19s. per half-bushel ; 1s. 9d. per lb.

CARTERS FINE GRASS SEEDS.

A prescription adapted for cold and ungenerous soils, or in any confined situation A very useful mixture, but of coarser texture than above.

Price 30s. per bushel of 25 lbs. ; 16s. per half-bushel ; 1s. 6d. per lb.

Carters Seedsmen to H.M. the King—High Holborn, London.

CARTERS WHEEL OF GRASSES.—Testing varieties of Grass for Lawns, &c., at Raynes Park.

CARTERS GRASS SEEDS FOR GOLF LINKS.

Under the "Carter System" a golfing turf of the finest description, similar to that found on the best sea-side links, can be produced almost anywhere and on almost any class of soil in from six to twelve months, and as golf courses are judged to a large extent by the nature of their turf, this is a point of the utmost importance to those interested in the formation of new courses.

During the last ten years nearly 100 new or enlarged Golf Courses have been sown with Carters Tested Grass Seeds.

Our price for Grass Seeds for "through the green" ranges from **21s. 6d.** per bushel to **35s.** per bushel, according to the texture of grass desired, and the time the links are required for play.

Carters Grass Seeds for Recreation Grounds, Race Courses, and other open Spaces.

We prepare mixtures of hard-wearing grass suitable for this purpose at prices varying from **21s. 6d.** to **30s.** per bushel.

CARTERS COMPLETE GRASS MANURES.

For use in Spring and Autumn.

Carters Complete Grass Manure (No. 1) is, as its name implies, a complete grass food, that is to say, it contains all that is necessary for the growth of fine grasses, but it does not force or burn them. Sow at the rate of 2 ozs. per square yard.

Tin.	7 lb.	14 lb.	28 lb.	56 lb.	1 cwt.	5 cwts.	10 cwts.	15 cwts.	1 ton.
1/-	2/6	4/6	7/6	12/6	20/-	£4 15s.	£9	£12 15s.	£16

Carters Anticlover Manure (No. 2), also a complete grass food; in action slightly quicker than above. Effectively checks the growth of clover, and for this reason is very valuable for dressing putting greens, lawns, &c., in which the growth of clover is objectionable. Sow at the rate of 2 ozs. per square yard, mixing the manure with two or three times its own bulk of sifted soil. Prices:—

Tin.	7 lb.	14 lb.	28 lb.	56 lb.	1 cwt.	5 cwts.	10 cwts.	15 cwts.	1 ton.
1/-	3/-	5/-	8/-	13/6	21/-	£5	£9 10s.	£13 10s.	£17

Our 104-page Illustrated Book dealing with the making and upkeep of Golf Links, Putting Greens, Lawns, &c., and giving full particulars of Carters Tested Grass Seeds, Carters Worm Killer, and Carters Complete Grass Manure, free on application.

For other Garden Requisites please see page 53.

Carters

Address for all Correspondence, **RAYNES PARK, LONDON, S.W.—1913.**

MUDDY LAWNS.

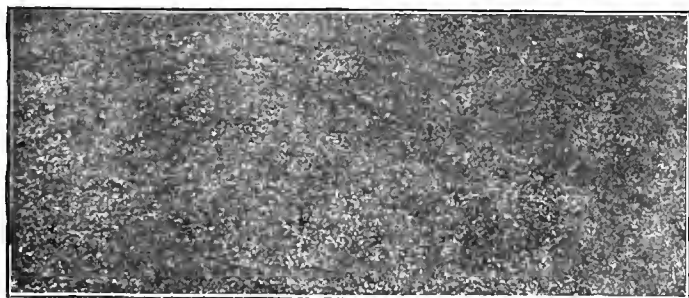

A typical piece of worm infested, soft, muddy turf. Requires brushing and rolling daily from September to June, which means damaged turf, roots bruised and exposed, fine grasses smothered, and ultimate bare patches.

CARTERS WORM KILLER is absolutely infallible for killing worms in Putting Greens, Lawns, Croquet Lawns, Tennis Courts, Bowling Greens, &c., provided it comes into direct contact with the worms; whilst its Manurial Properties immediately improve the growth and texture of the Turf.

The best time of the year to kill worms is during the breeding seasons, that is, roughly speaking, from the end of August to the beginning of December, and from the end of March to the end of May.

CLEAN LAWNS.

The result of using CARTERS WORM KILLER. Turf clean, firm, and healthy; an occasional light rolling alone necessary to keep it in perfect playing condition.

CARTERS WORM KILLER.

Packed in paper-lined bags, carriage paid to nearest station, for England, Scotland, Wales, and Ireland, and f.o.b. London for foreign orders:—

Packets for Trial, post free, 1/-

Convolvulus Minor, dark purple.
Dahlia, best single mixed.
Dianthus Heddeewigi.
Erysimum Perowskianum.
Everlasting Flowers.
Linum, Scarlet.
Lobelia Speciosa.
Lupinus nanus.
Marguerites, choice mixed.
Marigold, French, dwarf mixed

Mignonette.
Nasturtium, Tom Thumb, Scarlet King.
Nemophila insignis.
Petunia, choice mixed.
Phlox Drummondii, choice mixed.
Poppy, all varieties, choice mixed.
Stock, German, best mixed.
Sweet Pea, choice mixed.
Sweet William, choice mixed.
Sunflower, giant.
Tagetes pumila.
Wallflower, dark red.
Zinnia, best mixed.

Carters Seedsmen to H.M. the King—High Holborn, London.

Carters Dwarf Alyssum Snow Carpet in the Trial Grounds, Raynes Park (*see next page*).

AGERATUM.

HALF-HARDY ANNUAL, neat habit, with effective flowers, mostly lavender blue; very useful in beds or along borders. Sow early in spring, in pans, in heat, and prick off when the seedlings are sufficiently advanced in growth.

		Per packet—s. d.	
No. 143.	Imperial Dwarf Blue. —The finest bedding variety in cultivation. 9 inches	1	0
„ 140.	Blue Star. —The most compact Ageratum yet introduced. Light blue. 6 inches	6d. &	1 0
„ 141.	Little Dorrit. —Lavender. 6 inches	6d. &	1 0
„ 144.	Imperial Dwarf White. —9 inches	6d. &	1 0

ALYSSUM.

For spring or summer. Good pot or rocky plants. Easily grown.

No. 149.	Carters Snow Carpet. —ANNUAL. One of the most valuable dwarf bedding plants of modern introduction. Perfectly hardy. If transplanted a foot apart the plants spread out their side branches along the ground till they meet, becoming covered with pure white flowers, giving the effect of a snow carpet. Flowers through the summer and autumn until cut off by frosts. 4 inches (<i>see Photograph opposite</i>) ...	3d., 6d., &	1 0
----------	--	-------------	-----

ANTIRRHINUM.

Carters Large-flowered.

This fine HARDY PERENNIAL should be treated as an ANNUAL for bedding. Sow the seed in pans or boxes from February to March, and transplant to bed or border when large enough. If the withering flowers and seed pods are kept picked off, the plants will last in bloom for a long time, and continue again the following year. Can be easily grown as ANNUALS if sown in the open ground in April. Thin out about 12 inches apart.

		Per packet—s. d.	
No. 185.	Carters Tall Large-flowered, mixed. 2 to 3 feet.	2s. ; 6d., 1s., &	1 6
Carters Intermediate Large-flowered. —This is undoubtedly the best form and of neat growth. Plants densely covered with flower spikes. These are well adapted for beds or borders. Height, 1 to 1½ feet.			
No. 52.	Carters Intermediate Mixed. —1 to 1½ feet	6d. &	1 0
Carters Dwarf Large-flowered. —A compact strain. Flowers variously coloured. This type makes a good pot plant, and is invaluable in borders or beds. Height, 6 inches.			
No. 173.	Carters Choicest Mixed, all Colours	6d., 1s., &	1 6

CARTERS LONG-SPURRED AQUILEGIA.

HARDY PERENNIALS of great beauty and utility in borders, where they will bloom freely when established, early in the summer. The long-spurred type, of which we make a speciality, gives elegant cut flowers. We have now included some new and effective colours. Sow seeds under cover in February for transplanting in spring to a border, when, if the summer is favourable, they may bloom in autumn. If sown in summer sturdy plants will be ready by autumn for transplanting to the border to flower next May and June.

No. 189.	Carters Choicest All Colours mixed (Long-Spurred),	6d., 1s., &	2 6
----------	---	-------------	-----

Carters Address for all Correspondence. RAYNES PARK, LONDON, S.W.—1913.

CARTERS RAY ASTER.

Quite a new type of the annual Aster. The flowers, which are very large, often 5 inches across, are produced on long stalks, and have prettily arranged quilled petals. Fine for cutting, as they last a week in water if cut before fully expanded. Height, $1\frac{1}{2}$ feet.

							Per packet—s. d.	
No. 218.	Carters Crushed Strawberry.	—This magnificent art shade should be in every garden					... 1s. &	1 6
„ 1515.	Carters Crimson...	1s. &	1 6
„ 276.	Carters Dark Blue	1s. &	1 6
„ 208.	Carters Carmine Rose...	6d., 1s., &		1 6
„ 209.	Carters Pale Mauve	6d., 1s., &		1 6
„ 210.	Carters Azure Blue	6d., 1s., &		1 6
„ 1458.	Carters Pure White	6d., 1s., &		1 6
„ 42.	Carters Mixed Ray Aster	1s., 1s. 6d., &		2 6

Carters Seedsmen to H.M. the King—High Holborn, London.

CARTERS PLUME ASTERS.

We particularly recommend these varieties for cutting, the blooms, equalling Chrysanthemums in form, are borne on long stems and the three shades blend well together.

						Per packet—s. d.	
No. 228.	Carters White	1s., 1s. 6d., &	2 6
„ 229.	Carters Blue	1s., 1s. 6d., &	2 6
„ 230.	Carters Rose	1s., 1s. 6d., &	2 6
„ 231.	Carters Choice Mixed...	1s., 1s. 6d., &	2 6

The most noble flowered Aster in cultivation. With flowing feathery petals; grand for cutting. Height, about 18 inches.

We have measured Blooms 6 inches across.

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

CARTERS LARGE SINGLE COMET ASTERS

WITH FLOWING PETALS.

An improved type of the original single variety. There is quite a rage for these as cut flowers, for which purpose they are eminently adapted. In a bed, too, they make quite an effective display until autumn is well in. Height, about 1 foot.

							Per packet - s. d.
No.	259.	Carters Blue 6d. & 1 0
"	260.	Carters White 6d. & 1 0
"	261.	Carters Rose 6d. & 1 0
"	262.	Carters Choicest, all Colours Mixed 6d., 1s., & 2 6

Carters Seedsmen to H.M. the King—High Holborn, London.

AUBRIETIA.

Great favourites for spring bedders, rockeries, &c. PERENNIAL, quite hardy.
Bright perpetual bloomers. Easily raised from seed sown in spring.
4 inches.

CARTERS CHALLENGER BALSAM.

BARTONIA.

HARDY ANNUAL. Showy, and very easily grown. Sow in open border in spring.

No. 298.	Aurea. —Rich golden colour	3d. & 0 6
----------	-----------------------------------	-----	-----	-----	-----	-----------

BEE LARKSPUR.

DELPHINIUM.—Of easy culture for large flower borders and wild gardens.

No. 299.	Hardy Perennial for borders; bright blue.	3 feet	0 6
----------	--	--------	-----	-----	-----

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

BEGONIA.

(See also page 54.)

Per packet -s. d.

Carters Crown Jewels.—This fine strain contains all the largest and best forms and most brilliant colours in cultivation. The Begonia is fast becoming a popular summer bedding plant, displacing the Geranium in many gardens.

No. 292.	Carters Choice Single	1s. 6d., 2s. 6d., &	3	6
„ 296.	Carters Choice Double	1s. 6d., 2s. 6d., &	3	6

BRACHYCOME.

Daisy (SWAN RIVER).—A bright free blooming annual, blue and white.

No. 534.	I foot	0	6
----------	----------------------	-----	---	---

CALCEOLARIA.

It is impossible by photography to give an adequate idea of the beauty of these magnificent flowers. Our exhibit at the Temple Show of the R.H.S., in May, is always the theme of general admiration; and we have been awarded the highest honours for our strain.

No. 313.	Carters Victoria Prize, Mixed, all colours,	2s. 6d., 3s. 6d., &	5	0
„ 314.	Calceolaria, Golden Princess. —Exquisite yellow,	2s. 6d., 3s. 6d., &	5	0
„ 315.	Calceolaria, Mixed Colours	1	6
„ 316.	Calceolaria, Hardy Shrubby. —From best varieties	2	6
„ 317.	Calceolaria, Dwarf Bedding	2	6

CALENDULA.

GARDEN MARIGOLD.—Very showy border plant, lasting the whole of the summer without any attention whatever beyond keeping the seed vessels picked off. Sow in spring where plants are intended to flower.

No. 307.	Cockade Orange. —Very large double. 1 foot... ..	6d. &	1	0
„ 308.	Meteor. —Lemon yellow, orange stripes. 1½ feet ...	6d. &	1	0
„ 310.	Officinalis. —The single yellow cottage garden Marigold. 1 foot.	3d. &	0	6
„ 311.	Pluvialis. —Pure white. 1 foot	3d. &	0	6

CALAMPELIS.

ECCREMOCARPUS.—Climber for verandahs, trellises, &c.; handsome racemes of bloom. Sow in heat to bloom the first season out of doors.

No. 305.	Scabra. —Orange-scarlet; perennial. 10 feet	0	6
----------	---	-----	---	---

CANARY CREEPER.

TROPÆOLUM PEREGRINUM.—Favourite climber for trellises, arbours, stumps of trees, &c. Sow in pot in February and bring on under glass, or sow in open in spring. 10 feet.

No. 312.	Half-hardy Climbing Annual	3d., 6d., &	1	0
----------	--	-------------	---	---

Carters Seedsmen to H.M. the King—High Holborn, London.

CARNATION AND PICOTEE.

Sow in spring in cool frame, prick out, and plant out in good soil.

- | | | |
|----------|---|------------------|
| | | Per packet—s. d. |
| No. 388. | Carters Choice Double Carnation. —A splendid mixture of Sells, Flakes, Bizarres, Fancies, and Yellow Grounds. All varieties mixed 1s. 6d., 2s. 6d., & | 3 6 |
| „ 390. | Choicest Perpetual, or Tree. —Includes all the best French varieties in cultivation 1s. & | 2 6 |

CARTERS ANNUAL CALLIOPSIS. (*See next page.*)

CALLIOPSIS (COREOPSIS).

HARDY ANNUALS and PERENNIALS. All are universal favourites and useful for cut flowers. The annual varieties should be sown outdoors in April in the place they are intended to flower, or, for earliest work, may be sown under glass, and then pricked out.

ANNUAL VARIETIES.

Carters Tall.— $2\frac{1}{2}$ to 3 feet. Large flowered, branching habit; very useful for back of borders and cut flowers.

								Per packet—s.	d.
No. 321.	Crimson	3d.	0 6
„ 322.	Crimson and Gold	3d.	0 6
Carters Dwarf. —15 to 18 inches. Compact habit; useful for cut flowers.									
No. 323.	Crimson	3d.	0 6
„ 324.	Crimson and Gold	3d.	0 6
Carters Miniature. —9 to 15 inches. The shortest growing type; fine for edges.									

No. 325.	Crimson marbled. —The flowers show a groundwork of chocolate, flaked and marbled with gold, giving a most fantastic combination. Unfortunately some tall plants invariably appear amongst the dwarfs	3d.	0 6
„ 326.	Crimson and Gold. —Of all the dwarf varieties this is the most miniature	3d.	0 6
„ 327.	Carters Choice Mixed Tall Annual varieties, all sorts					
					3d., 6d., &	1 0
„ 328.	Carters Choice Mixed Dwarf Annual varieties, all sorts					
					3d., 6d., &	1 0

VARIOUS CALLIOPSIS.

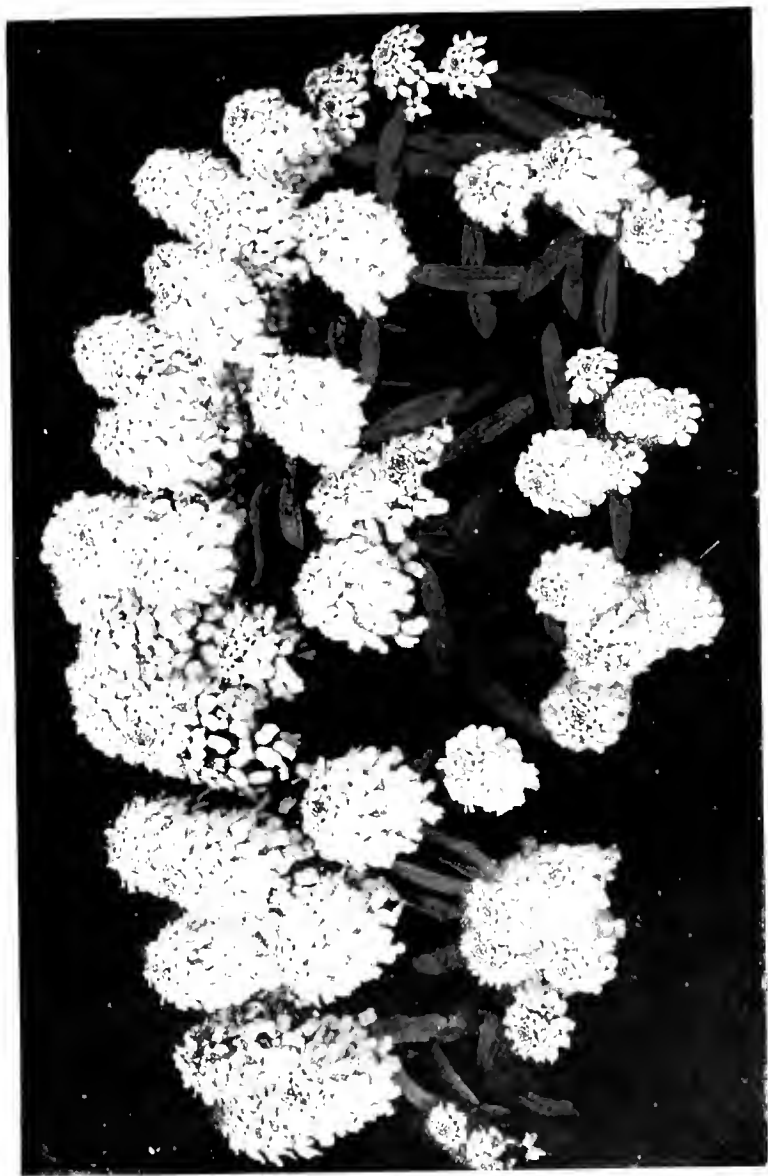

No. 329.	Burridgi. —Annual; rich crimson and gold.	$2\frac{1}{2}$ to 3 feet,	3d.	0 6
„ 330.	Bicolor (<i>Tinctoria</i>).—Annual; very pretty.	$2\frac{1}{2}$ to 3 feet,	3d.	0 6
„ 331.	Coronata. —Perennial; yellow, dark spot.	2 feet	...	3d. & 0 6
„ 332.	Drummondii. —Annual; yellow, dark centre.	2 feet	...	3d. & 0 6
„ 333.	Ackermanni. —Annual; very early; free bloomer.	2 feet.		
			3d. &	0 6
„ 334.	Grandiflora. —Grandest of all; large golden yellow; a hardly perennial. A lovely border plant both for effect and cutting. Much appreciated for house decoration when cut.	3 feet.		
			3d., 6d., &	1 0

CAMPANULA.

Perennial Varieties.

No. 336.	Persicifolia alba (Giant White).—This is the finest form of this most effective hardy border perennial. The graceful spikes render it invaluable for house decoration, either when cut or as pot plants. June flowering.	3 feet	...	6d. & 1 0
„ 335.	Mirabilis. —Magnificent, pyramidal, and bushy; pale blue. Novelty, perennial.	2 feet	...	1 6
„ 337.	Carpatica. —Large blossoms; excellent pot plant; blue.	6 inches		0 6

Carters Seedsmen to H.M. the King—High Holborn, London.

CENTAUREA AMERICANA.

**CENTAUREA
AMERICANA.**

Annual. Height 2 feet.

Sow in open ground during March. Although this charming lavender Centaurea has been offered by us for many years it has never attained the popularity which its beauty deserves. Our illustration gives but a suggestion of the delicate charm of this lovely annual. No. 413 1s. per packet.

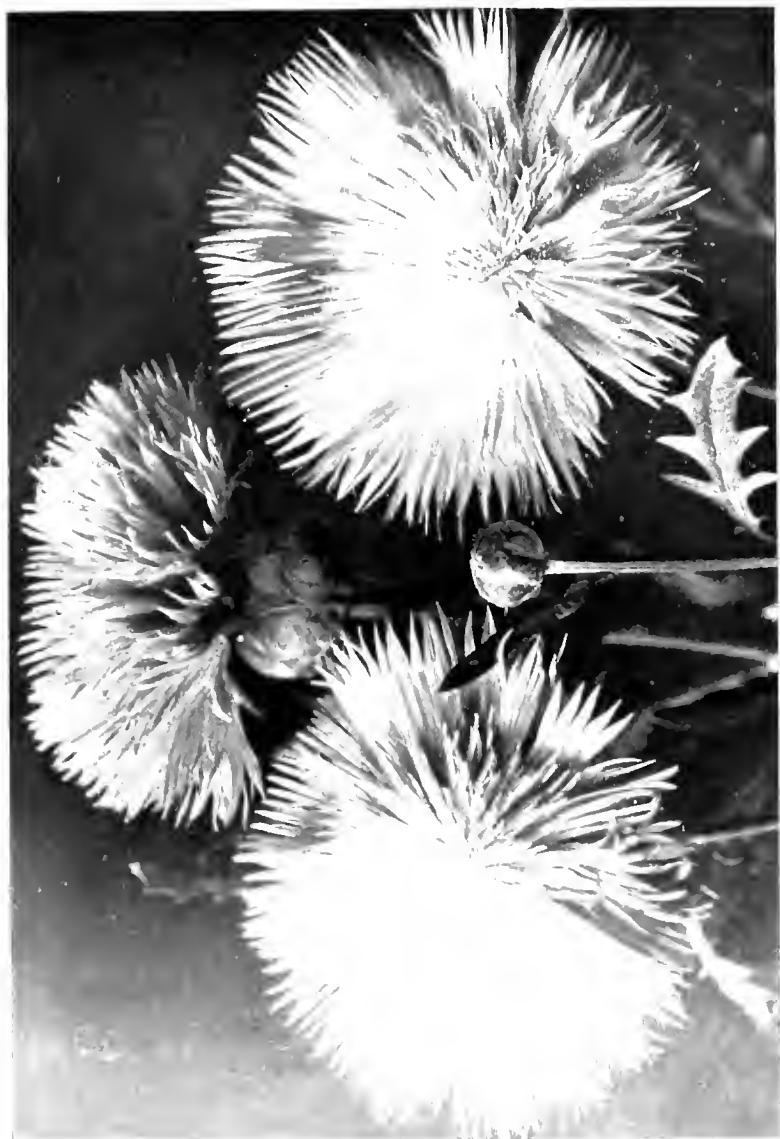

DIMORPHOTHECA AURANTIACA.

Annual. Height, 1 foot.

Sown in cold frames in March and transplant to open or sow in open during April. Brilliant growing orange blossoms with black disc. Rows in our Trial Grounds have been covered with blossom for six months in dry and wet seasons.

No. 1565 1s. per packet.

Dimorphotheca Aurantiaca Hybrids.—New selected Hybrids, splendid mixture. No. 1536 1s. per packet.

CARTERS CENTAUREA or GIANT SWEET SULTAN *see next page*.

CENTAUREA, or GIANT SWEET SULTAN.

The flowers of this greatly improved annual are at least twice the size of the older varieties. It is most deliciously scented, with long flower stalks to facilitate cutting, and when cut will last in water for a fortnight. In this respect alone it exceeds any other annual we can call to mind. We give this flower the highest possible recommendation. Height, $1\frac{1}{2}$ feet. May be sown in pots and pricked out for early flowering, or in open borders in spring for general work.

CHRYSANTHEMUM—ANNUAL GARDEN VARIETIES.

Of all Annuals these pretty flowers perhaps hold a leading position, and many of them have been raised off our Seed Farms. All are beautiful in beds and borders and good for window boxes or cutting. Sow seed in spring in boxes for early flowering, and in the open for general work. Some varieties make useful pot plants; for this purpose they should be sown under glass and thinned out to about 4 or 5 plants. $1\frac{1}{2}$ feet.

No. 415.	Morning Star .—Delicate sulphur-coloured blossoms; very pretty. Equally good as a single plant, grown in masses in beds or borders, or as a cut flower; also fine for pot culture for winter blooming In sealed packets, each 6d. &	1	0

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W. 1913.

CARTERS DECORATIVE CINERARIAS.

Per packet—s. d.

Carters Cactus.—An entirely new break in Cinerarias; the edges of the florets recurve like a single Cactus Dahlia. The colours include white, blue, blush, violet, mauve, and some have a white zone surrounding the dark disc, the florets being tipped with violet, blue, &c. The flowers when cut last a long time, and by their lightness and elegance make charming table decorations.

No. 429. **Carters Choicest Mixed** ... 1s. 6d., 2s. 6d., 3s. 6d., & 5 0

Carters Stellata.—This free-panicked variety has now obtained general approval, especially for decorative arrangements, for which purpose it has proved marvellously effective, being a valuable adjunct to the much-admired *Carters Brilliant Prize*. It should be raised and treated in the same manner as the other greenhouse varieties.

No. 446. **Carters Choicest Mixed** ... 1s. 6d., 2s. 6d., 3s. 6d., & 5 0

CARTERS BRILLIANT PRIZE CINERARIA.

The only strain awarded four Gold Medals by the Royal Botanic Society. Our house has long been famed for its Cinerarias, and extra care has been taken in the selection of the plants for this season. The colours are simply lovely, consisting of vivid self and brilliant bordered varieties, in an unequalled diversity of shades.

No. 441. **Choicest Colours saved from finest flowers**, all colours mixed ... 1s. 6d., 2s. 6d., 3s. 6d., & 5 0

CLARKIA.

Well known HARDY ANNUAL, of great decorative value and easy culture. Seed should be sown in spring in the open border. The Elegans types are excellent for vases, as the long spikes continue to bloom for many days.

Carters *DAHLIA PLANT, FOR*

CARTERS ANNUAL DELPHINIUM BLUE BUTTERFLY.

The greatest acquisition in blue annual flowers for many years. The Royal Horticultural Society, when granting it the Award of Merit, stated in their report that it is "a dainty annual of bushy branching habit, and very floriferous." The seed should be sown early, in heat, and grown on in pots until ready for bedding out. Late sowings do not make effective plants until too late in the season. Height, 15 inches.

No. 539. 6d., 1s., and 1s. 6d. per packet. Per packet s. d.

PERENNIAL DELPHINIUMS.—These are best sown in summer, as they make strong plants to flower the following season.

No. 540.	Delphinium, Carters choicest mixed. —A wonderful improvement on other varieties. 3 to 5 feet 6d. &	1 0

Carters Seedsmen to H.M. the King - High Holborn, London.

DIANTHUS.

Per packet—s d.

Dianthus Chinensis (INDIAN PINK). Biennial. We consider the *Heddiwigi* section of the *Dianthus*, introduced by our house from the East, and the parent of many of the best types, to be one of the finest additions to our annual flora for the last fifty years, and the varieties detailed below are the improved results from the original importation. Sow in spring in boxes or pots, and transplant to where intended to bloom. Seeds of all the improved types may be also sown at the end of summer and grown on in pots through the winter under fairly cool treatment. They will make robust plants at end of spring, and become useful in the decoration of the conservatory.

No. 564.	Carters Large-flowered Dwarf Single Dianthus. —6 to 8 inches 6d., 1s., &	1 6
„ 565.	Carters Choice Single Mixed. —Beautifully coloured. 1 foot, 6d., 1s., &	1 6

Carters A Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

ESCHSCHOLTZIA.

CALIFORNIAN POPPY. Hardy annual (or biennial) of immense utility for mixed borders. Fl. very bright, and free blooming, and of the earliest. — See how it comes in spring, and calm out. — Tall to a foot.

Eschscholtzia

CARTERS NEW ESCHSCHOLTZIA FOR 1913.

THE RAJAH.

We have again the pleasure of introducing to our customers a new Eschscholtzia, which we venture to say will be as well received as its numerous predecessors.

The Rajah is another outcome of the various crossings which we have described with some detail in previous copies of our catalogue, and brings a new colour, which can best be described as a purplish carmine.

No. 1598. Price per packet, 1s.

Carters New Hybrids.—Contain many shades and tints of colour not yet seen in Eschscholtzias, intervening between the pale rosea and the intense *Mikado*, and between the lemon *Californica* and the brilliant *Carmine King*, giving a play of colour at once interesting and brilliant.

No. 1576. Price per packet, 1s.

		Per packet—s. d.	
No. 635.	The Mikado. AWARD OF MERIT, R.H.S.— <i>The Mikado</i> was the result of a cross between <i>Mandarin</i> , which we introduced in 1879, and <i>Carmine King</i> , of 1906. The blend of these two colours has produced a brilliant orange-crimson, suffused with the lustre of the <i>Carmine King</i>	1	0
„ 581.	Carters Carmine King. —This was introduced by us in 1906 after having received an <i>Award of Merit</i> from the Royal Horticultural Society. Plants in flower have excited admiration wherever seen, the lustrous carmine colour being quite novel in Eschscholtzias	6d. &	1 0
„ 584.	Carters Diana. —This is a most dainty flower. The colour is a rosy white, while the petals are fluted in a most novel manner, giving the flower quite a fantastic and attractive appearance,	6d. &	1 0
„ 1490.	Dainty Queen. —A beautiful shade in Eschscholtzias. Colour a tender blush or pale coral pink, slightly deeper towards the edges, with a groundwork of delicate cream; same colour inside as outside the flower. The blossoms stand well above the bright green foliage, giving it a singularly attractive appearance	6d. &	1 0
„ 1491.	Carters Double Orange	6d. &	1 0
„ 582.	Carters Mandarin. —Exterior of blossom orange-crimson,	6d. &	1 0
„ 583.	Carters Rose Cardinal. —Delicate bright rose	6d. &	1 0
„ 585.	The Golden West. —The largest flowering of all the Eschscholtzias. A charming orange colour... ..	6d. &	1 0
„ 586.	Maritima. —Bright gold	3d. &	0 6
„ 587.	Aurantiaca	3d. &	0 6
„ 588.	Californica. —Yellow	3d. &	0 6
„ 589.	Crocea. —Orange	3d. &	0 6
„ 590.	„ alba. —White	3d. &	0 6

PHOTOGRAPH OF CARTERS KOCHIA IN THE TESTING GROUNDS, RAYNES PARK.

Carters Selected Kochia makes a most effective decorative plant, with a habit much resembling one of the compact evergreen shrubs; it has a light grass-green feathery foliage, which changes as the summer advances to a rich crimson. It is a perfectly hardy annual and can be sown in the open ground; it is a rapid grower and flourishes on all soils. The best method is to sow the seed under glass, pot the seedlings off singly, and ultimately bed out or plunge the pots in which they are growing. These round shrub-like plants (often called the Mock Cypress) are most effective when planted amongst flowers, such as Begonias, Geraniums, Petunias, &c., in fact they are most useful for the centre of any bed or when planted out in some decorative scheme. The plants should be pinched back and trimmed to shape when necessary. Height about 2 feet.

No. 750. Carters Selected Kochia (*Trichophylla*).—HARDY ANNUAL. Price per packet, 6d., 1s., and 1s. 6d.

HOLLYHOCK.

No. 726. **Carters Double Show, Choice Mixed** ... 6d., 1s., & 2 6
Hollyhock, Carters Perpetual-flowering (Annual Type).—Sown early in spring and planted out first week in May, it will bloom from middle of July till late in autumn. Habit branching, semi-tall. flowers double with graceful loose petals.

CARTERS DOUBLE-FLOWERING LOBELIA.

Flowers rich azure blue, very freely produced.

This fine introduction **does not produce seeds**, and we offer it in **plants only**. It makes a fine thing for hanging baskets, and also does well in borders, and is increased from cuttings.

Plants only, 1s. each; per doz., 10s. 6d.

LOVE-LIES-BLEEDING (*Amaranthus*). (Annual.)

A popular garden plant with long crimson tassels.

No. 805. **Red.**—2 feet 3d. & 0 6

Carters Address for all Correspondence. **RAYNES PARK, LONDON, S.W.—1913.**

CARTERS COMPACT STRIPED.
FRENCH MARIGOLD.

Carters Gold Edged.—A beautiful annual of compact but vigorous habit; flowers a velvety maroon, with gold edge; very constant, and owing to its deep root is able to withstand drought; makes a handsome edging plant. Height, 1 foot. Per packet *s. d.*

No. 842 6d., 1s., & 2 6

Carters Compact Striped (*see Photograph above*).—Beautiful large double blossom, dwarf variety, about 1 foot; continues blooming until the end of summer.

No. 845 6d., 1s., & 1 6

For other varieties, see page 91.

Carters Seedsman to H.M. the King—High Holborn, London.

FRENCH MARIGOLD—*Continued.*

Per packet—s. d.

This showy annual can be sown in spring and thinned out where expected to bloom; they may also be sown in March in boxes or pots under glass, then transplanted into other boxes, three inches apart, to make sturdy stuff for planting out in June or earlier. Marigolds are profuse bloomers, particularly so if all dead flowers are cut off.

DWARF SINGLE-FLOWERED VARIETIES.

The following kinds are extremely beautiful in the mixed border, whether singly or in clumps; habit dwarf and bushy, and covered with continuous bloom. 1 foot. First-class annuals.

- | | | | |
|----------|---|-----------------|-----|
| No. 843. | Silver King. —Colour lemon and chocolate | ... 6d., 1s., & | 1 6 |

MATHIOLA (NIGHT-SCENTED STOCK).

Hardy annual, of easy culture. Sow in spring.

- | | | | |
|----------|---|--|-----------------|
| No. 833. | Bicornis. —1 foot. This should be in every garden as it possesses a most delicious odour, especially toward evening, when it sends forth a delightful perfume, permeating the whole of the atmosphere surrounding it with its beautiful fragrance, | | 3d., 6d., & 1 0 |
|----------|---|--|-----------------|

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

CARTERS PERFECTION MIGNONETTE.

A giant red-flowered variety with a delicious scent.

(For price and more description, see next page.)

Carters Seedsmen to H.M. the King - High Holborn, London.

MIGNONETTE.

Per packet—s. d.

- No. 859. **Carters Perfection.**—A giant red-flowered variety with a delicious scent. This fine strain is a very great improvement, and owing to its robust habit the seedlings require plenty of room, when they will make bushy plants resembling Intermediate Stocks. The spikes of bloom are larger than any other variety, and the habit much less straggling. If the seed-pods are kept pinched off, the beauty of the plant will extend over a long period, and with care in this respect will continue until cut down by frost ... 6d., 1s., 1s. 6d., & 2 6
(See Photograph on page 92.)
- „ 1494. **Carters White Queen.**—A distinct and beautiful variety, producing large spikes of white bloom, exquisitely scented. Height, 15 inches ... 1s., 1s. 6d., & 2 6
- „ 1495. **Carters Red King.**—The finest and richest red, a great improvement on the crimson *Victoria* variety, deliciously scented. Height, 15 inches ... 1s., 1s. 6d., & 2 6
- „ 860. **Carters Victoria.**—Produces a fine shapely spike of bloom; excellent colour, highly scented ... 6d., 1s., & 1 6
- „ 861. **Crimson Giant.**—Fine hardy variety of the greatest use for general purposes. 1 foot ... 6d. & 1 0
- „ 862. **Machet.**—An excellent variety for pot work; strong, dense blooms, glossy green foliage ... 6d. & 1 0
- „ 863. **Carters Garden Sweet.**—This is a selected stock of the original Mignonette of gardens; delicious odour 3d., 6d. & 1 0
- „ 864. **Carters Spiral.**—First-class free-blooming variety, with long slender spikes; makes a good exhibit. 1 foot ... 6d. & 1 0
- „ 866. **Golden Gem.**—The finest dwarf golden varieties. 6 inches 6d. & 1 0
- „ 867. **Golden Queen.**—For a long time the leading yellow variety; more branching in habit than *Golden Gem* ... 6d. & 1 0
- „ 869. **Hybrid Tree.**—Hardy variety for pots or borders ... 3d. & 0 6
- „ 870. **Carters Mixed.**—All varieties ... 3d. & 0 6

MEDEOLA (Smilax).

Evergreen climber.

- No. 837. **Asparagoides.**—For table decoration ... 6d., 1s., & 2 0

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

DWARF NASTURTIUM.

THIS BEAUTIFUL ANNUAL ORIGINATED AT OUR ESSEX SEED FARMS.

Nasturtiums, both climbing and dwarf, are of the easiest culture, and anyone desirous of having a display of the most brilliant flowers, without any trouble beyond sowing the seed, should select this delightful family, as they will give off their best efforts through the brightest of the summer, merely needing the seed-balls picked off. If these are permitted to mature, the beauty of the plant is soon lost.

GOLDEN FOLIAGE.

			Per packet.	Per c.
			s. d.	s. d.

NEMESIA, CARTERS LARGE-FLOWERED. (See next page.)

Carters Seedsmen to H.M. the King—High Holborn, London.

NEMESIA.

HALF-HARDY ANNUAL. Nearly related to the *Linaria*; free-blooming dwarf bushes, for pot culture and open borders. Sow in spring under glass, and transplant; or sow out of doors in May, in patches, where they are intended to flower.

- Per packet—s. d.
- No. 1497. **Carters Large-flowered Mixed** (*See Photograph opposite*).—
Is the finest strain of this most popular flower yet introduced,
both for size and massive build of the individual flowers, also
for the richness and variety of colours. Height, 1 foot 1s. & 1 6
,, 1496. **Nemesia Strumosa Grandiflora**.—Spotted... .. 1 0
,, 1461. **Nemesia Nana Compacta Grandiflora "Orange
Prince."**—Height, 6 to 8 inches 6d. & 1 0
GAINED AN AWARD OF MERIT OF THE ROYAL HORTICULTURAL
SOCIETY.
- No. 916. **Strumosa**.—In a variety of colours. 1 foot 6d. & 1 0

NEMOPHILA.

HARDEST OF ANNUALS, and of the easiest culture; should be sown out of doors in spring, where they are to flower.

- No. 917. **Holborn Bluebell**.—Ultramarine, white throat. 6 inches.
6d., 1s., & 1 6
,, 918. **Atrocærulea**.—Bright blue, with minute spots. 6 inches.
3d. & 0 6

NICOTIANA.

(TOBACCO.)

Stately Half-Hardy Perennial.

- No. 924. **Affinis**.—The beautiful white species, deliciously scented in the evening. 2 feet 6d., 1s., 1s. 6d., & 2 6
,, 1462. **Affinis Hybrida**.—It is one of the most valuable introductions and can be recommended to all. Finest mixture of all colours, as white, rose, pink, red, crimson, violet, light blue, dark violet, &c. 2 feet 1s. & 1 6

NIGELLA.

HARDY ANNUAL. Sow in spring where to remain.

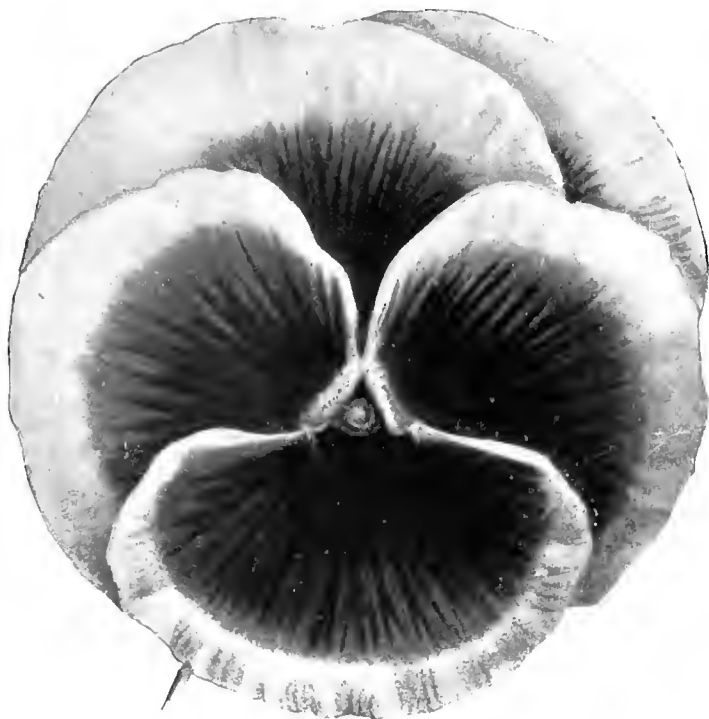

- No. 804. **Blue**.—1 foot 3d. & 0 6
,, 1463. **Miss Jekyll**.—A large-flowering variety, deep blue, fantastic foliage 6d. & 1 0

PENTSTEMON.

HARDY HERBACEOUS PLANTS; brilliant flowers, somewhat like Foxglove.

- No. 941. **Gloxinioides**.—All shades, mixed 1s. & 1 6
,, 1514. **Carters Annual Flowering Mixed**.—Saved from a prize collection, which includes all the best colours. Some of the blooms may be expected to measure quite 2 inches across, 1s. & 2 6
,, 942. **Perennial, mixed** 6d. & 1 0

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

PANSY.

It is now more than half a century since the late Mr. James Carter took this plant in hand with a view to its improvement in size and range of colourings, and one of our earliest successes was *Jet Black Pansy* (see No. 957). We also introduced the *Peacock Pansy* (see No. 951). Both are still amongst the best in cultivation.

No. 947. **Carters International Prize.**—A superb mixture of the largest and best types in every class. Will produce enormous blooms in all the richest colourings and markings. As the name suggests, it is the best of all English and Continental strains, grown under our personal supervision, and acclimatised in this country Per packet—s. d. 1s., 1s. 6d., & 2 6

For other Pansies see next page.

Address for all
Correspondence,

RAYNES PARK, LONDON, S.W.—1913.

CARTERS "SHIRLEY" POPPY

(*Silk or Ghost Poppy*).—This lovely garden annual Poppy has probably received its various names from its delicate texture and almost shadowy forms. The shades of colour are endless and we again offer a strain of unusual beauty, which has been **rigidly selected** from the stock of the original nominator, the Rev. W. WILKS, Secretary to the Royal Horticultural Society. It makes a delightful border plant, and is fine for sowing at the sides of grassy walks or along paths.

No 1031 Per packet—s. d.
6d., 1s., & 1 6

Carters Seedsmen to H.M. the King—High Holborn, London.

POPPY (Annual Varieties)—Continued.

These showy hardy flowers continue to absorb the attention of the greatest number of amateur gardeners, and deserve the position from their varied and intrinsic beauty. Sow thinly in patches, rows, or beds in spring where the plants are intended to bloom during early summer.

---	------	---	---

POLYANTHUS CLUSTER PRIMROSE.

The superb strain we here offer of these lovely spring flowers improves in extent of colours each year, and there is no other flower which produces such a chaste, brilliant, and enduring effect during the early spring months, either singly or in masses in beds, about the same time as the Hyacinths and Tulips. Sow in spring or summer, in prepared seed bed, and transplant when large enough.

No. 1020.	Carters Dark Shades, mixed. —A grand mixture, including all shades of crimsons, purples, rosy lilacs, and scarlets, 6d. &	1	0

CARTERS LARGE FLOWERED SCABIOUS. (*See next page.*)

CARTERS SCABIOUS.

(See Photograph opposite.)

This bright-flowering plant is usually treated as an annual in our gardens. During recent years it has been greatly improved both in habit and range of colours, and is fast becoming one of the most popular of border flowers. When given plenty of room and the seed-vessels are kept regularly picked off, it will last through the whole of the summer. Owing to its sweetness the bees are very fond of it and its floral favours also attract all the most beautiful types of butterflies to the neighbourhood.

Sow the seed in heat in February and March in a pan or small box, and transplant the seedlings three inches apart in larger boxes; harden off as spring advances, and set out in the border towards end of May. They may also be sown where intended to grow.

Carters Adtr ss for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

CARTERS LARGE-FLOWERED TEN-WEEK STOCKS.

Our Ten-week Stocks have, by constant selection, been brought to an extremely high standard of excellence, and we advise all lovers of this sweet-scented annual to grow them extensively.

The large-flowered types are extremely useful for beds and borders, and may be sown in the open ground during April, or in a cold frame during this month or March.

It is essential that the plants be grown sturdily, especially in their initial stage, as if they are allowed to become drawn the ultimate plants will not do justice to ourselves or the cultivator no matter what care is taken during their subsequent stages of growth.

Please see next page for Prices, &c.

Carters Seedsmen to H.M. the King—High Holborn, London.

For the Complete List, see pages 115 to 118.

“The nearest rivalry to the National Flower is probably to be found in the bright masses of Sweet Peas, whose diversity of fascinating colour contributes animation in all directions. Messrs. J. Carter & Co. gain a Gold Medal for a charming arrangement of these flowers and for their Japanese Garden.”—*Morning Post*, July 4th, 1912.

Awarded Three Large Gold Medals and the Silver-Gilt Medal by the National Sweet Pea Society since 1908.

Carters Seedsmen to H.M. the King—High Holborn, London.

Carters Large-flowered Sweet Peas.

CARTERS SELECTED LARGE-FLOWERED SWEET PEAS.

With a view to assisting those of our customers who are not quite conversant with Sweet Peas in their now extremely numerous varieties, we offer our selection of large-flowered varieties as under.

Although all good for exhibition, we chiefly have in mind their suitability for garden decoration and cutting purposes. With this end in view, the varieties we have selected will be found to be of giant-flowered types borne in threes and fours on very long stems. All are bright colours and pleasing shades, which do not scorch in the sun. The plants are of robust habit, and if the bloom is judiciously cut will produce large quantities of beautiful flowers until late autumn.

„ 1403.	Oculata. —Metallic lilac 0	3	

Carters Address for all Correspondence, **RAYNES PARK, LONDON, S.W.**—1913.

VERBENA.

Perennial. Few plants are more generally liked than the Verbena, as it makes a first-class bedder, brilliant in colours, excellent habit, and of long duration in bloom. Sow in heat in spring, prick off into boxes in cool frame, harden off and plant out. It may be also grown as a pot plant from seeds sown in summer for flowering in the greenhouse the following spring. (*See next page.*)

Carters Seedsmen to H.M. the King—High Holborn, London.

VERBENA.

		Per packet—s. d.

" 77.	Carters Large-flowered Dwarf, 6 varieties, separate.		
	1 foot 2	6	
" 76.	Double Zinnia, 6 distinct varieties, separate. 1½ feet	2	6

Carters Address for all Correspondence, RAYNES PARK, LONDON, S.W.—1913.

CARTERS TESTED SEEDS FOR ABROAD.

Hyacinths in Bloom in front of our Main Entrance at Raynes Park. Those interested in these and other beautiful spring flowers should write for Carters Bulb Catalogue. Post free.

Collections carefully arranged and suitably packed for all Climates.

Comprising as they do the **Best English Vegetables and Flowers**, these boxes form appreciable presents for friends across the seas.

Each Packet specially dried and enclosed in tinfoil and placed in air-exhausted hermetically sealed boxes. Prices and composition of same post free.

Please state for what Country.

TERMS OF BUSINESS.

Free Carriage of Goods.—(Except

in cases where the cost of Carriage on the

parcel, through being unusually bulky in proportion to value, absorbs the profit on the transaction, when we reserve to ourselves the right to send unpaid.) We deliver Seeds, Potatoes, Plants, and Bulbs, *Carriage Paid*, to any Railway Station in the United Kingdom, also Free by Parcel Post to Purchaser's door where possible.

When small packets only are ordered below the value of 2s. 6d., 2d. extra should be added to the remittance to defray cost of postage, &c.

Conditions of Guarantee of Quality.—We guarantee our Seeds according to the quality purchased to be of the highest average standard of vitality of the season, and it is open to the purchaser to confirm this by submitting the samples to professional analysis at his own expense. We cannot, however, be in any way responsible for the produce of Seeds sold under this guarantee, or for errors of description; and it must therefore be clearly understood that our responsibility ceases upon the final acceptance of the Goods.
